

IS 1001

1

Spectrum Asymmetric High Bay

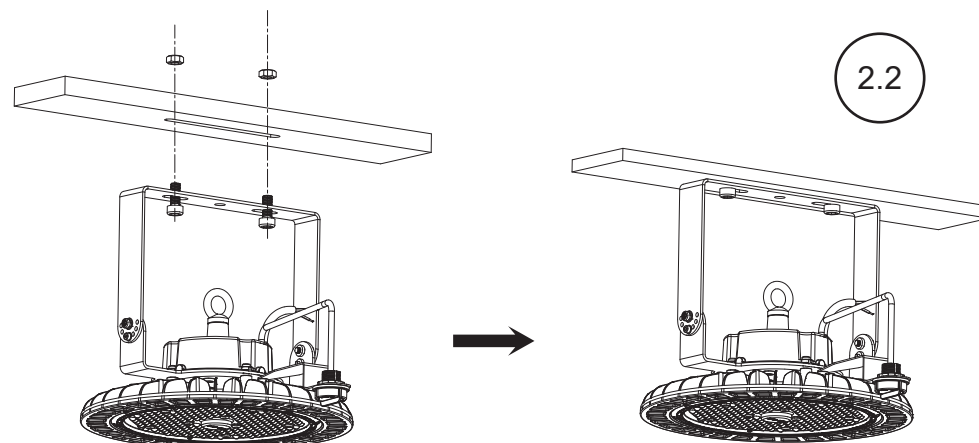

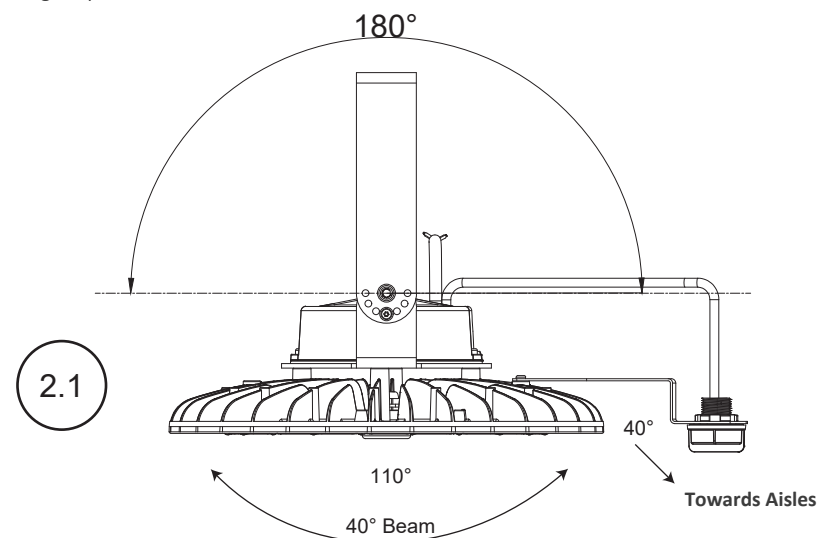

2

Installation/Installation/Installazione/Installation/Instalación/Installatie/telepítés/instalacja

Fix the high bay using bracket only

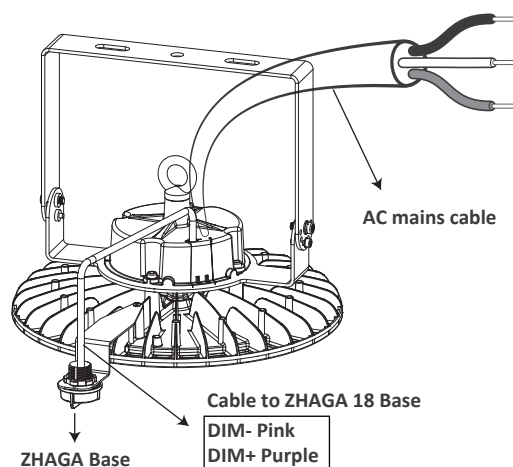

The U-shaped mounting bracket can rotate 180°, allowing it to be adjusted to the desired angle according to specific needs

Fix the highbay with the adjusted angle in the installation position and secure it with bolts, as shown in Figure 2.2
